

Whanganui Regional Trail Notes

Tongariro Alpine Crossing

Last Edited: December 30, 2025 07:08:15 NZST

INTRO

The Tongariro Alpine Crossing track passes over varied and spectacular volcanic terrain. Trek across a volcanic alpine landscape of dramatic contrasts – steaming vents, glacial valleys, ancient lava flows, alpine vegetation and vivid crater lakes, all with stunning views. Be prepared for a long and challenging day out.

[Update 10th December](#)

Tongariro Crossing is now open SOBO as far as Mangatepopo Hut. The Mangatepopo Track from Mangatepopo Hut to Whakapapa Village is closed. Walkers are not permitted on Mangatepopo Road, but at certain times it may be possible to get a ride from the road end 1 km below Mangatepopo Hut to SH47 with a shuttle driver. SH 47 has been reopened

There is an alternative route for Te Araroa walkers, using the northern part of the Tongariro Crossing as far as the Emerald Lakes, km 1,152.8, the eastern part of the Northern Circuit to Waihohonu Hut, and the Waihohonu and Tama Lakes tracks to Whakapapa Village. See the Alert for *Northern Circuit detour*

[Update 26th December](#)

~~The Tama Lakes track is closed by rahui until 6:00 am on Tuesday 30th. Until then the Northern Circuit detour cannot be followed after Waihohonu Hut. The Round the Mountain Detour is available as below~~

[Update 30th December](#)

The Tama Lakes rahui has been lifted

There is a second alternative route for Te Araroa walkers, using the northern part of the Tongariro Crossing as far as the Emerald Lakes, km 1,152.8, the eastern part of the Northern Circuit to Waihohonu Hut, and the eastern and southern parts of the Round the Mountain Track to exit through the Mangahuia Track to SH47. This route is covered in more detail in the *Round the Mountain detour* Alert

DESCRIPTION

Tongariro National Park is a UNESCO dual World Heritage Area and was the first in the world to receive cultural World Heritage Status.

- [Description](#)
- [Know before you go](#)
- [Winter tramping](#)

All waterways including the lakes on Tongariro and his peaks Ngāuruhoe and Ruapehu are sacred to local iwi, Ngāti Hikairo ki Tongariro. Kaumātua Te Ngaeha Wanikau asks visitors to the area to respect the sanctity of the maunga tapu (sacred mountains) by not touching or entering any of the waterways including the alpine lakes. Ngāti Hikairo ki Tongariro places extreme importance on their guardian role in protecting Tongariro and his peaks.

Essential gear list

- Consider a compass and map (in poor visibility)
- Waterproof raincoat and over-trousers
- Warm woollen or polypropylene clothing
- Woollen hat and mittens
- Sturdy boots (sports trainers/running shoes and sandals are not suitable)
- Food and drink
- First aid kit
- Sunscreen, sunhat and sunglasses

Note: Te Araroa track descriptions work from North to South whereas the Department of Conservation encourages trampers to walk the Tongariro Alpine Crossing in the other direction – from South to North. So be aware, the crossing is a very popular tramp and in following these instructions, you will be going against the flow.

Route from South to North - Te Araroa northbound - Mangatepopo to Ketetahi - 18km

[Closed - See Alerts](#)

~~This challenging trip begins at 1120m. It climbs the Mangatepopo Valley to the saddle between Mount Tongariro and Mount Ngāuruhoe, through South Crater before climbing again to Red Crater, the highest point on the crossing at 1896m.~~

You will then descend on a volcanic rock scree track to the vivid Emerald Lakes, known as Ngarotopounamu (greenstone-hued lakes). After passing Blue Lake, also known as Te Wai-whakaata-o-te-Rangihīroa (Rangihīroa's mirror), the track sidles around the northern slope of Tongariro, then descends in a zigzag track past the old Ketetahi Shelter site and down to the road end at 760m

Route from North to South - Te Araroa southbound - Ketetahi to Mangatepopo - 18km

From the Ketetahi Road end, the track goes through a cool podocarp-hardwood forest which is a relaxed contrast to the coming long ascent to the old Ketetahi Shelter site. The track travels alongside a stream polluted with minerals from Ketetahi Springs and, at two points, passes over the tongue of a lava flow from Te Maari Crater.

From the forest bush line, the track winds its way up and up and up, through tussock slopes past the Ketetahi Springs to the old Ketetahi Shelter site.

- **Note:** The Ketetahi Springs are on private land. The Ketetahi Trust, representing the landowners, has permitted trekkers to cross part of their land but this does not include access to Ketetahi Springs. Please respect this restraint and follow the poled route.

From the old Ketetahi Shelter site, the track ascends further before sidling down around the flanks of North Crater to the Blue Lake and over the Mars-like Central Crater. Then it's past the three water-filled explosion craters called the Emerald Lakes; their brilliant greenish colour is caused by minerals which have leached from the adjoining thermal area. The Tongariro Northern Circuit track to Oturere Hut branches off to the left at the lowest lake.

Taking care on the loose stones and gravel on the track as you ascend steeply to the summit of Red Crater (1886m), the highest point on the Tongariro Alpine Crossing. You can also smell the sulphur, evidence that Red Crater is still active.

Update 9th December 2025: The Mangatepopo Track from Mangatepopo Hut to Whakapapa Village is closed due to fire damage. See the Mangatepopo to National Park notes for a suggested alternative starting from the Emerald Lakes at km 1,151.8

The Tongariro Alpine Crossing track then continues along a poled route down the ridge leading to South Crater.

- **Note:** Department of Conservation advises walkers to stay on marked tracks and not attempt to climb the summits of Mt Ngāuruhoe and Mt Tongariro. The mountains are sacred to local Māori tribes and they respectfully ask that summits are not climbed.

~~Closed From Mangatepopo Saddle between Mount's Ngāuruhoe and Tongariro, you can be rewarded, on a clear day, by views of Mt Taranaki to the west. Then it's a steep descent to the head of the Mangatepopo Valley where a short side track leads to Soda Springs. The track then makes its way down the Mangatepopo Valley, at a gentle gradient alongside a stream and around the edges of old lava flows.~~

~~For Te Araroa through walkers, the turnoff to the Mangatepopo Track to Whakapapa is 200m further on from the Mangatepopo Hut sidetrack.~~

Update 9th December 2025: The Mangatepopo Track from Mangatepopo Hut to Whakapapa Village is closed due to fire damage. See the Mangatepopo to National Park notes for a suggested alternative starting from the Emerald Lakes at km 1,151.8

The carpark at Mangatepopo Road is 1km (15 minutes) from the Mangatepopo Track turnoff.

Mangatepopo Hut is free from 1st May to 20th October. From 21st October it is classed as a Great Walk and requires booking. Backcountry Hut passes are not useable.

Winter Conditions

You need to be skilled and prepared to complete the Tongariro Alpine Crossing, especially during winter. An ice axe and crampons are essential, as is competency using them.

What to bring

- Ice axe and crampons (and know how to use them)
- Snow gaiters
- Avalanche probe/snow shovel in winter
- Avalanche transceiver

[How to tramp the Tongariro Alpine Crossing in winter](#)

CONDITIONS

You will need to be skilled and prepared to complete the Tongariro Alpine Crossing, Northern Circuit and Round the Mountain tracks in winter. An ice axe and crampons are essential, as is competency using them.

Potential hazards

- Always check the weather forecast and take local advice as weather can change quickly and drastically
- Always carry extra warm, wind-proof clothing, safety and navigational equipment
- Pole route markers may be difficult to see in foggy conditions.
- Water from the upper Mangatepopo stream, Emerald Lakes and Ketetahi Springs is not suitable for drinking due to the high mineral content. Treat ALL water in the park.
- Winter tramping: Be fully equipped with ice axe, crampons, avalanche probe/snow shovel/transceiver.
- From the beginning of 26 October (Labour Day weekend) to 30 April, parking restrictions (4 hour maximum) are in place at the road-ends - book a shuttle.
- Over winter, additional hazards are present:
 - Snow and ice
 - Avalanche risk
 - Sub-zero temperatures.

[Tongariro Alpine Crossing \(Red Crater\) weather - NIWA](#)

[NIWA 3-day forecast](#)

No dogs, horses, guns or bikes. No drones.

How to tramp in winter: [Tongariro Alpine Crossing](#) | [Tongariro Northern Circuit](#) | [Round the Mountain Track](#)

ECOLOGY AND ENVIRONMENT

This is the perfect habitat for a variety of New Zealand's native birds. In forested areas, you may see [bellbird/korimako](#), [tūi](#), [New Zealand robin/toutouwai](#), [tomtit/miromiro](#), [fantail/pīwakawaka](#), and maybe New Zealand's smallest bird the rifleman/titipounamu. For hikes wanting to experience the Tongariro Crossing as a day hike rather than a part of Te Araroa there are shuttle bus options from Turangi, Tokaanu, Whakapapa and Ohakune. Part of the shuttle fee of about \$40 helps the Department of Conservation with conservation projects.

The Soda Springs are an oasis for the moisture-loving yellow buttercups and white foxgloves. The porous surface of new lava, its blacker colour absorbing much of the sun's heat, is a harsh environment for plants. Simple colonising mosses and lichens are the first to establish, followed years later by successively larger plants each taking advantage of the slow build-up of precious soil. This succession of plant communities is evident on the lava flows of varying ages that have flowed from the crater of Ngāuruhoe.

TE AO MĀORI

Ngātōroirangi, the founding ancestor of Ngāti Tūwharetoa, the local iwi (Māori tribe), ascended the great mountains of the Central Plateau 30 generations ago. It was then that he named Tongariro and the many features of the surrounding landscape, declaring this area as home for his descendants. It is from these beginnings that Ngāti Tūwharetoa maintains its intrinsic responsibility to protect the mountainous area to which they belong.

The generosity and foresight of Ngāti Tūwharetoa saw the heart of the mountainous area made sacrosanct in 1887, with the intent that the Crown would stand alongside Ngāti Tūwharetoa to ensure the continued protection of Tongariro. This led to the establishment of the Tongariro National Park in 1894, a first for New Zealand, and fourth in the world.

In 1993, Tongariro became the first property to be inscribed on the World Heritage List under the revised criteria describing cultural landscapes. The mountains at the heart of the park have cultural and spiritual significance to Ngāti Tūwharetoa and symbolise the spiritual links between this community and its environment. The park has active and extinct volcanoes, a diverse range of ecosystems and some remarkable landscapes.

The continued occupation by Ngāti Tūwharetoa in this environment ensures the cultural, spiritual and environmental values are protected and shared with all those who encounter this dynamic landscape.

ACCESS

The nearest towns are:

- Whakapapa (10.4 km)
- National Park (13.5 km)
- Turangi (36.7 km)
- Raetihi (47.6 km)
- Ohakune (48 km)
- Taumarunui (61.5 km)
- Taupō (86.5 km)

There is very limited parking near the access points to the track. From the beginning of 26 October (Labour Day weekend) to 30 April, parking restrictions (4 hour maximum) are in place at the road-ends.

Excellent shuttle services run from all local towns - arrange through the following i-SITES:

- Whakapapa i-SITE 07 892 3075, State Highway 48, Whakapapa Village
- Turangi i-SITE 0800 288 726, Ngawaka Place, Turangi
- Ohakune i-SITE 0800 647 483, 54 Clyde Street, Ohakune
- Taumarunui i-Site 07 895 7494, Railway Station, Taumarunui
- Taupo i-SITE 0800 525 382, 30 Tongariro Street, Taupo

Getting to/from the start

The Whanganui region starts at the carpark at the northern end of the Tongariro Alpine Crossing, 1km off SH 46, Tongariro National Park.

- [InterCity](#) - P: 09 583 5780 - E: info@intercity.co.nz
- [Kiwi Experience](#) - P: 09 336 4288 - Hop-on, Hop-off bus tours

Getting back from the end

Southern access road : Mangatepopo Track turnoff, SH47, Tongariro National Park. Te Araroa does not exit here, it continue on the track to Whakapapa

TRANSPORT

There are several shuttle companies providing morning pick-ups from nearby towns and delivery to the track start, such as National Park, Ōhakune, Tūrangi and Taupō. They include:

- [Ruapehu Alpine Shuttles](#) - Ōwhango - P: 020 4111 4648 - E: ruapehushuttle@gmail.com
- [Tongariro Expeditions](#) - Shuttle service to the Tongariro Crossing - P: 07 377 0435 - E: info@tongariroexpeditions.com (to/from Taupō, Tūrangi, Ketetahi, Whakapapa) - Multiple return times from the Northern end of the track (6 km from the Holiday Park).
- [Dempsey Buses](#) - 25 Seddon Street, Raetihi 4632 - P: 06 385 4022 - Info@dempseybuses.co.nz

We recommend booking a shuttle as there is a 4-hour parking restriction at both Mangatepopo and Ketetahi Road ends.

ACCOMMODATION

Trail Pass

-  Mangatepopo Hut - km 1,158.9 - 20% discount on hut stay with The Trail Pass (Bookings required)
-  Mangatepopo Campsite - km 1,158.92 - Camping next to hut included in The Trail Pass (Bookings required)
-  Waihohonu Hut - Northern Circuit - 20% discount on hut stay with The Trail Pass (Bookings required)
-  Waihohonu Campsite - Northern Circuit - Camping next to hut included in The Trail Pass (Bookings required)

Before starting the Tongariro Alpine Crossing

- [Tongariro Family Holiday Park](#) - State Highway 47, Tongariro - P: 07 386 8062 - Camping, cabins and units. Highly recommended spot to rest up and recoup between 42 Traverse and Tongariro Alpine Crossing. Halfway point between Taumarunui and National Park
- [Cross X Roads](#) camping at 2010 Rotoaira Road, Tongariro Forest, on SH47 just north of the intersection at km 1,134.1 where Te Araroa turns right onto SH46 (Lake Rotoaira Road) towards the northern end of the Tongariro Crossing. TA hikers \$10 per night. Campsite has a composting toilet, fresh water, amazing mountain views and very wide open space. If we are running transport for the Crossing on any given day that we may have TA hikers staying, we are happy to drop them at Ketetahi carpark entrance at no cost as we are going there to pick up customers anyway. Hosts Ma 021 0272 2828 and Shane 021 053 8882. Walkers please phone, no need to book through the website

Other Accommodation

- Old Ketetahi Shelter site - due to extensive damage in the 2012 eruption this is no longer a hut. Toilets are available but there is no longer a water supply and no accommodation.
- [Department of Conservation Mangatepopo Hut](#) - needs to be booked online or by visiting/phoning any Department of Conservation Visitor Centre. 20 bunks, heating and gas in peak season. Topo50 map sheet BH36, E1824389, N5663908
- [YHA Ōhakune Station Lodge](#), 60 Thames St, Ōhakune - P: 06 385 8797 E: ohakune@yha.co.nz

For those taking a modified route, [YHA Ōhakune Station Lodge](#) is a 1906 historical villa located in the beautiful alpine town of Ōhakune, adjacent to the world-renowned Tongariro National Park. Guests enjoy the use of extensive facilities including shared and private rooms, full kitchen amenities and two lounges. During the brilliant Central Plateau summers, the outdoor woodfire pizza oven is fired up. Guests can enjoy friendly games of cricket or simply relax on the verandas overlooking the peaceful native gardens while taking in the views of Mt Ruapehu

Please note that freedom camping at Ketetahi Road and Mangatepopo Road ends is not allowed.

FOOD AND SUPPLY

Before Tongariro Crossing

Tongariro Holiday Park on SH 47 at km 1,114 does not stock groceries for hiker re-supply. They will accept hiker supply boxes but it is essential to phone first and arrange as their mail is collected approximately weekly from Turangi. P: 07 386 8062 E: info@thp.co.nz

Water

Water from the upper Mangatepopo stream, Emerald Lakes and Ketetahi Springs is not suitable for drinking due to high mineral content. There is no drinkable water available between the head of the Mangatepopo Valley and Mangatepopo Hut. Respect the water supply at Mangatepopo Hut, as this is limited and is the supply for those staying at the Hut. Treat all water in the park.

EXTRA INFO

Before starting Te Araroa either as a through-walker of the whole country or a section walker, [please register on Te Araroa website](#). Please also [visit the website](#) or [download the app](#) for detailed maps, trail alerts and other relevant information.

This track is part of the Herenga ā Nuku Aotearoa track database. Herenga ā Nuku has [maps and advice about public access to the outdoors](#).

We encourage you to continue gaining the skills and knowledge required for a safe trip. The NZ Mountain Safety Council has lots of free resources and information you can use. These can be accessed via www.mountainsafety.org.nz.

We recommend trying these online learning tools:

- [Basic Navigation](#)
- [River Safety](#)

Additionally, check out the range of helpful videos available from the NZ Mountain Safety Council [YouTube channel](#).

Mangatepopo to National Park

Last Edited: December 12, 2025 08:28:00 NZST

INTRO

Te Araroa section: Tramp through the tussocks and shrublands to National Park, gateway to active volcanic mountains that dominate the iconic and majestic landscape as you walk.

The notes for this section are frequently edited to adapt to track changes caused by the November and December Tongariro fires. Directions that are temporarily incomplete are marked with a ~~line through~~.

DESCRIPTION

Mangatepopo Track — 9km / 3-4 hours - CLOSED

~~200m past the turnoff to the Mangatepopo Hut, turn southwest onto the Mangatepopo Track.~~

~~For the first hour, the track skirts around Pukekaikiore, then continues southwest across exposed tussock and shrubland.~~

~~About 20 minutes before reaching the Whakapapa village, the track joins the lower Taranaki Falls Track.~~

~~Follow it in an easterly direction until it ends at Ngāuruhoe Place (100m below the Whakapapa Visitor Centre), Whakapapa Village.~~

The Mangatepopo Track between Mangatepopo Hut (km 1,158.1) and Whakapapa Village (km 1,168) is closed. ~~Southbound Te Araroa hikers can walk out to SH 47 from Mangatepopo Hut and follow SH 47 for 13.6 km to National Park/Waimarino (km 1,188).~~

DOC have advised that Mangatepopo Road is used mostly by shuttles and buses and is narrow, windy and dusty, making it unsafe for walkers. They would much prefer hikers take a shuttle or a different route.

Round the Mountain detour

Hikers can bypass Mangatepopo Hut and the closed track by following the Northern Circuit route clockwise from the Emerald Lakes (km 1,151.8) past Oturere Campsite, ~~Waihohonu Hut and the Tama Lakes to rejoin the Te Araroa route at Whakapapa Village. Continue from there on the Whakapapaiti Valley Track and Mangahuia Track to reach SH 47 at the Mangahuia Campsite and follow SH 47 for 6.4 km to National Park/Waimarino (km 1,188) to Waihohonu Hut~~

~~The distance from the Emerald Lakes junction to Whakapapa Village is approximately 27 km. Oturere Hut and Campsite are closed for renovation. Waihohonu Campsite is open. Waihohonu Hut is bookable with 20% discount for Te Araroa Trail Pass Holders.~~

~~If you are following the Tongariro Northern Circuit Detour from near the highpoint on the Tongariro Alpine Trail at Emerald Lakes (km 1,151.8) and past Waihohonu Hut there is an optional further and longer detour available, using the Round the Mountain Track.~~

The Round the Mountain starts from Waihohonu Hut heading south and traverses diverse volcanic, desert and forest landscapes, passing Rangipo Hut, Manganahuehu Hut, Ohakune Mountain Road, Mangaturuturu Hut and Whakapapaiti Hut to rejoin Te Araroa Trail at km 1,174, the start of the Mangahuia Track out to SH 47. It crosses two dramatic swingbridges and takes 2 - 4 days

The distance from Waihohonu Hut to to rejoin Te Araroa at km 1,174 is approximately 48 km

Whakapapaiti Mangahuia Track - 13.5km / 5-6 hours

The track traverses forest, wetlands and open tussock lands. It can be boggy in the wet. The track may be rutted.

Leave the Whakapapa Village on Whakapapaiti Track. It starts opposite the Fire Station, just above the Holiday Park and 250m from the Whakapapa Visitor Centre

Initially, the track flows easily and descends through groves of kaikawaka and cabbage trees amongst the beech forest.

The track then descends through an open area to a bridged river crossing over the Whakapapaiti Stream before coming across a track intersection.

The Whakapapiti Hut is approximately 3 km up the track to the left. It is not part of Te Araroa, but is included in the Trail Pass. Before reaching the hut the track crosses the Whakapapiti Stream. The crossing over boulders is normally easy but may be difficult after heavy rain

Turn right (northwest) onto the Mangahuia Track and head to the Mangahuia campsite (2-3 hours). There are a few stream crossings on this track, easy to cross in dry weather but can be difficult when the streams are high - take care and be prepared to wait for levels to drop.

Mangahuia Campsite to National Park - 6.5km

From the Mangahuia campsite, walk 500m north on the vehicle track to join SH47. Turn left (west) and follow the road for 6km to the junction with SH4. Turn right (north) into the National Park Village, then turn left (west) onto Findlay Street. It flows into Station Road. At the very end is National Park

Railway Station.

CONDITIONS

Potential Hazards

- Vehicles on road or track
- Poisons & traps
- River crossings - Never cross flooded rivers
- Small stream crossings
- Track exposed to sun, wind or cold
- Weather extremes
- Few water sources - avoid drinking from streams with high mineral content.

National Park to Whanganui River

Last Edited: November 09, 2025 06:41:24 NZST

INTRO

Te Araroa trail section: On a fine day, there are sweeping views of Tongariro National Park to the east and Mt Taranaki to the west from Mangapurua Trig, the highest point in this area.

DESCRIPTION

From National Park Railway Station, head north up Ward Street for 430m, then west onto Carroll Street and over the railway tracks at the crossing.

Fisher Track - 16.5km / 5-6 hours

Turn right onto Fisher Road. Walk 30 minutes down Fisher Road until the turnoff for the Tupapakuraa Falls Track (on the left side of the road). It's an optional, easy 20-minute diversion to the Taranaki Lookout.

Continue on Fisher Track westward and largely downhill, dropping from 800m to 400m. It eventually joins Kurua Road for 3.5km (a metalled road in deer-farming country), which runs alongside Tupapakuraa Stream for a while until reaching Rētāruke Road. It is a mix of well-formed track, rough tramping track and gravel road.

Kurua Rd to Whakahoro- 36km / 8-9 hours

From the junction of Kurua and Rētāruke Roads, walk north on Upper Rētāruke Road for 12km. At the intersection with Oio Road (there is a toilet available here), turn left (west) onto Oio Road and follow it for the next 24.5km (mostly alongside the Rētāruke River) to Whakahoro, on the banks of the Whanganui River. This section can be hot and tiring in summer, with little or no water sources. Plan and carry plenty of water.

There is no walking track beyond Mangapurua. The options are to either canoe down the river from Whakahoro to Pipiriki or Whanganui, or walk from Whakahoro to Mangapurua to get picked up there by pre-arranged jet boat and taken to Pipiriki or Whanganui. Discuss with canoe/kayak hire operators. Contact suggestions at the end of this notes section, and in the Whanganui River - via Whanganui River section.

Whakahoro to the Mangapurua Landing (Mangapurua-Kaiwhakauka Track) - 37km / 13 hours

7 hours from Whakahoro to the Mangapurua Trig; 6 hours from the Trig to Mangapurua Landing.

A combined walking/cycleway, this track follows former road lines and makes for easy walking. It leads up the Kaiwhakauka Valley to the Mangapurua Trig. There it joins the Mangapurua Track, which descends through the Mangapurua Valley to meet the Whanganui River at the Mangapurua Landing.

From Whakahoro the track follows the disused road along the true left bank of the Whanganui River for 1km, before turning sharply into the Kaiwhakauka Valley. The track follows along and crosses the Kaiwhakauka Stream over an old wooden bridge. It continues along the true left bank of the stream up to the head of the Kaiwhakauka Valley. *Note:* Care should be taken not to disturb stock and gates should be left as found when crossing farmland.

On reaching the junction of the old Kaiwhakauka, Mangapurua and Ruatiti/Ōhura Roads, keep to the right to drop down into the Mangapurua. A side track leads to the Mangapurua Trig (near km 1,256.7), the highest point in the area. On a fine day, there are sweeping views of Tongariro National Park to the east and Mt Taranaki / Egmont to the west. Mangapurua Trig is your best opportunity to get a phone signal if you need to confirm a canoe pickup time at Mangapurua Landing.

From here the track winds steadily down into the valley where the track meets and stays on the true left bank of the Mangapurua Stream. Continuing along the old road line, the track crosses numerous side streams and the valley progressively closes in. Although the track is freshly maintained, the rocks can be slippery when wet - care should be taken in negotiating these sections and beware of falling rocks.

At the lower end of the valley, the track crosses to the true right bank of the stream over the historic Bridge to Nowhere. This is a large concrete bridge built in 1936, but is now standing abandoned in the bush in the middle of 'nowhere'.

This last section of the track is formed to walking track standard and is often used by river travellers to visit the Bridge to Nowhere.

Beyond the bridge, continue for another 40 minutes as the track follows the true right bank of the Mangapurua Stream and then leads along the true left bank of the Whanganui River to reach the Mangapurua Landing.

Note: Mangapurua Landing is a dead end for walkers. River transport is the only option for those travelling south from Mangapurua Landing. Hikers reaching Mangapurua on foot can take a pre-arranged jet boat ride to Pipiriki or Whanganui. Contact suggestions at the end of this notes section, and in the Whanganui River - via Whanganui River section.

General information

For local information and a list of suppliers, contact:

[Whanganui i-SITE](#), 31 Taupō Quay, Whanganui - P: 06 349 0508 - E: info@whanganui.govt.nz

The distances and campsite options when travelling by river are:

- Whakahoro to Mangapapa campsite: 11 kilometres

- Mangapapa to Ohauora campsite: 16 kilometres
- Ohauora to John Coull Hut: 10.5 kilometres
- John Coull Hut to Mangawaiiti campsite: 9.5 kilometres
- Mangawaiiti to Mangapurua campsite: 9 kilometres

CONDITIONS

Potential hazards

- Vehicles on road or track – bikes in particular
- Poisons and traps
- Small stream crossings
- Track exposed to sun, wind or cold
- Few water sources between National Park and Whakahoro
- Mangapurua-Kaiwhakauka track condition:
 - During the winter this track can be subject to wet and muddy conditions.
 - Slips may be present in lower sections of the track.
 - Please contact the Department of Conservation Whanganui Area Office with any inquiries: Phone: 06 349 2100

[Whanganui River \(John Coull Hut\) weather - NIWA](#)

ACCESS

Northern Start: Railway Station, Station Rd, National Park

Southern End: Mangapurua Landing, Whanganui River

TRANSPORT

To trailheads

There are no facilities of any type at the Kurua-Rētāruke Road end of this track. Trampers need to be totally independent and make their own pre-arrangements for food, shelter or pickups.

Access points

- Whakahoro can be reached by road from SH4, turning off at either Ōwhango or Raurimu.
- Alternatively, access to the Mangapurua Trig may be gained by walking in from Ruatiti Road. Track start is on the western side (approximately 15km from the southern start of the road), off Raetihi-Ōhura Rd, off SH4, north of Raetihi.

Pre-booked river transport is the only option.

To kayak from Whakahoro to Mangapurua Landing (or beyond), pre-book so jetboats can pick you up or deliver kayaks to you.

Whanganui River Whakahoro - Pipiriki Kayak Bypass

Last Edited: September 22, 2025 13:32:08 NZST

INTRO

The Whanganui River winds its way from the mountains to the Tasman Sea through countless hills and valleys. Lowland forest surrounds the river in its middle and lower reaches, forming the heart of Whanganui National Park. Although a river journey, the Whanganui is part of New Zealand's "Great Walks" network.

River transport is the only way from Mangapurua Landing to Pipiriki.

The options are to either canoe down the river from Whakahoro to Pipiriki or Whanganui, or walk from Whakahoro to Mangapurua to get picked up there by pre-arranged jet boat and taken to Pipiriki or Whanganui. Discuss with canoe/kayak hire operators. Contact suggestions at the end of this notes section.

- Note: Do not canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in or swim to the river's edge; Vehicles on road, stick to the left and single file if biking on the road.**

Recommended that you discuss the details of your journey - launch point, itinerary and exit point - with your chosen kayak/canoe hire operator. They will have valuable advice about where to stay and how far to attempt each day based on your own abilities.

Canoe hire companies are listed at the end of this section. For companies based in Taumarunui and Owhango it is possible to make arrangements for the Whanganui River while passing through these towns. ~~Some operators may allow you to leave a box of food with them to deliver to Mangapurua Landing along with your canoe.~~

Sections of the Whanganui River may be closed to river traffic on specific dates in January. Read the Alerts and Trail Status page on the Te Araroa website or in apps for details.

DESCRIPTION

Whakahora to Mangapurua - 56km

Mangapurua to Pipiriki (canoe) - 32km

Pipiriki to Whanganui landing (canoe) - 82.5km

Canoe trips finish near the Whanganui Top 10 Holiday Park at km 1,392.7. Whanganui City Bridge is a further 8 km

Pipiriki to Whanganui landing bypass (walking) - 68km

Whanganui City Bridge is a further 8 km

From Pipiriki to Whanganui city, there are 3 options:

1. Walk the Whanganui River Road (62 km of tar sealed country road to SH4 then a further 14km to Whanganui; 3-4 days walking *)
2. Bike the Whanganui River Road (62 km of tar sealed country road to SH4 then a further 14km to Whanganui; 1-2 days cycling *)
3. Continue by the river, however you will need to confirm an exit point with your kayak/canoe provider as there are fewer landings on this southern part of the river. (They can also advise you on accommodation options as these may need to be pre-booked).

* Those taking option 1 or 2. From the end of Whanganui River Road turn right to follow SH4 south and enter Upokongaro which is approximately 3 km from the turnoff. The Upokongaro Cycle and Walking Bridge is now open, and all walkers and cyclists should use this route instead of continuing along SH4. Follow the green cycle markings on the left hand side of the road, which will take you left, down and under the SH4 bridge across the Upokongaro Stream to the cycle bridge across the Whanganui river. Older maps may not show these bridges correctly

The route to Whanganui thereafter is off road along the western (true right) bank through Papaiti. It will follow its own trail under the trees and away from the road. There is a designated and marked crossing. Care should be taken crossing, as this is a road frequently used by logging trucks. Upon entering the city boundary, you will soon come across the Top 10 Holiday Park, which is approximately 8km from the city centre. This is the usual landing point for kayak and canoe paddlers

Whanganui landing to Whanganui City Bridge - 8km

From the Top 10 Holiday Park continue down the right bank of the river on Somme Parade. The older Te Araroa maps suggested crossing to the left bank on the Dublin Street Bridge, but this is no longer recommended. Continue on Somme Parade to pass the i-SITE, and along Taupo Quay to the intersection with Victoria Avenue and the City Bridge. From this point there is a Countdown supermarket 200m ahead or walk up Victoria Avenue for Pak'n Save and other supermarkets, cafés and fast food.

Te Araroa continues across the City Bridge and the Durie Hill Elevator

Distances between huts/campsites/exit points are as follows (with indicative times, though will vary person-to-person):

- Mangapurua to Tieke Kāinga - 10.5km, 2 hours
- Tieke Kāinga to Ngāporo campsite - 12.5km, 2.5 hours
- Ngāporo to Pipiriki - 9km, 1.5 hours
- Pipiriki to Jerusalem - 10.5km, 2 hours
- Jerusalem to Matahiwi Landing - 11km, 2 hours
- Matahiwi Landing to Koriniti Pā - 7km, 1.5 hours
- Koriniti Pā to Pungarehu Marae - 26.5km, 5 hours
- Pungarehu Marae to Upokongaro - 24km, 5 hours
- Upokongaro to Whanganui Top 10 Holiday Park - 3.5km, 45 minutes
- Whanganui Top 10 Holiday Park to City Bridge - 7km, 1.25 hours

CONDITIONS

Potential hazard

- Don't canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in or swim to the edge of the river; Vehicles on road, stick to the left and single file if biking on the road.
- Vehicles on road or track - stick to the left and single file if biking on roads.
- From Pipiriki it is a narrow winding road with poor visibility. Wear a bright or fluorescent top
- Use your pack cover if it's more visible than your pack
- Tides, waves and rivers - safer at low tide. Be aware of tides if staying on the river all the way to Whanganui
- River crossings - Never cross flooded rivers and don't canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in nor swim to the river's edge.
- Track exposed to sun, wind or cold
- Fires only in designated fireplaces.

No dogs allowed

Whanganui River - via Whanganui River

Last Edited: November 19, 2025 13:21:13 NZST

INTRO

The Whanganui River winds its way from the mountains to the Tasman Sea through countless hills and valleys. Lowland forest surrounds the river in its middle and lower reaches, forming the heart of Whanganui National Park. Although a river journey, the Whanganui is part of New Zealand's "Great Walks" network.

River transport is the only way from Mangapurua Landing to Pipiriki.

The options are to either canoe down the river from Whakahoro to Pipiriki or Whanganui, or walk from Whakahoro to Mangapurua to get picked up there by pre-arranged jet boat and taken to Pipiriki or Whanganui. Discuss with canoe/kayak hire operators. Contact suggestions at the end of this notes section.

- **Note:** Do not canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in or swim to the river's edge; Vehicles on road, stick to the left and single file if biking on the road.

Recommended that you discuss the details of your journey - launch point, itinerary and exit point - with your chosen kayak/canoe hire operator. They will have valuable advice about where to stay and how far to attempt each day based on your own abilities.

Canoe hire companies are listed at the end of this section. For companies based in Taumarunui and Ohwango it is possible to make arrangements for the Whanganui River while passing through these towns. ~~Some operators may allow you to leave a box of food with them to deliver to Mangapurua Landing along with your canoe.~~

Sections of the Whanganui River may be closed to river traffic on specific dates in January. Read the Alerts and Trail Status page on the Te Araroa website or in apps for details.

DESCRIPTION

Mangapurua to Pipiriki (canoe) - 32km

Pipiriki to Whanganui landing (canoe) - 82.5km

Canoe trips finish at the Whanganui Top 10 Holiday Park at km 1,392.7. Whanganui City Bridge is a further 8 km

Pipiriki to Whanganui landing bypass (walking) - 68km

Whanganui City Bridge is a further 8 km

From Pipiriki to Whanganui city, there are 3 options:

1. Walk the Whanganui River Road (62 km of tar sealed country road to SH4 then a further 14km to Whanganui; 3-4 days walking *)
 2. Bike the Whanganui River Road (62 km of tar sealed country road to SH4 then a further 14km to Whanganui; 1-2 days cycling *)
 3. Continue by the river, however you will need to confirm an exit point with your kayak/canoe provider as there are fewer landings on this southern part of the river. (They can also advise you on accommodation options as these may need to be pre-booked).
- * Those taking option 1 or 2. From the end of Whanganui River Road turn right to follow SH4 south and enter Upokongaro which is approximately 3 km from the turnoff. The Upokongaro Cycle and Walking Bridge is now open, and all walkers and cyclists should use this route instead of continuing along SH4. Follow the green cycle markings on the left hand side of the road, which will take you left, down and under the SH4 bridge across the Upokongaro Stream to the cycle bridge across the Whanganui river. Older maps may not show these bridges correctly

The route to Whanganui thereafter is off road along the western (true right) bank through Papaiti. It will follow its own trail under the trees and away from the road. There is a designated and marked crossing. Care should be taken crossing, as this is a road frequently used by logging trucks. Upon entering the city boundary, you will soon come across the Top 10 Holiday Park, which is approximately 8km from the city centre. This is the usual landing point for kayak and canoe paddlers

Whanganui landing to Whanganui City Bridge - 8km

From the Top 10 Holiday Park continue down the right bank of the river on Somme Parade. The older Te Araroa maps suggested crossing to the left bank on the Dublin Street Bridge, but this is no longer recommended. Continue on Somme Parade to pass the i-SITE, and along Taupo Quay to the intersection with Victoria Avenue and the City Bridge. From this point there is a Woolworths supermarket 200m ahead or walk up Victoria Avenue for Pak'n Save and other supermarkets, cafés and fast food.

Te Araroa continues across the City Bridge and the Durie Hill Elevator to the tower at the top, or take the 355 steps

Distances between huts/campsites/exit points are as follows (with indicative times, though will vary person-to-person):

- Mangapurua to Tteke Kāinga - 10.5km, 2 hours
- Tteke Kāinga to Ngāporo campsite - 12.5km, 2.5 hours
- Ngāporo to Pipiriki - 9km, 1.5 hours
- Pipiriki to Jerusalem - 10.5km, 2 hours
- Jerusalem to Matahiwi Landing - 11km, 2 hours (no hut, camping or exit at Matahiwi Landing)
- Matahiwi Landing to Koriniti Pā - 7km, 1.5 hours (no hut, camping or exit at Koriniti Pā)
- Koriniti Pā to Pungarehu Marae - 26.5km, 5 hours (no hut, camping or exit at Pungarehu Marae)
- Pungarehu Marae to Upokongaro - 24km, 5 hours
- Upokongaro to Whanganui Top 10 Holiday Park - 3.5km, 45 minutes
- Whanganui Top 10 Holiday Park to City Bridge - 7km, 1.25 hours

CONDITIONS

Potential hazard

- Don't canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in or swim to the edge of the river; Vehicles on road, stick to the left and single file if biking on the road.
- Vehicles on road or track - stick to the left and single file if biking on roads.
- From Pipiriki it is a narrow winding road with poor visibility. Wear a bright or fluorescent top
- Use your pack cover if it's more visible than your pack
- Tides, waves and rivers - safer at low tide. Be aware of tides if staying on the river all the way to Whanganui
- River crossings - Never cross flooded rivers and don't canoe the river when water levels are rising or it's in flood. If you capsize you may not be able to get back in nor swim to the river's edge.
- Track exposed to sun, wind or cold
- Fires only in designated fireplaces.

No dogs allowed

Whanganui River Road Bypass

Last Edited: September 22, 2025 14:24:58 NZST

INTRO

This is a walking road shoulder bypass of the Whanganui River from Pipiriki to Whanganui City, for those that do not opt for the main route kayaking the Whanganui River.

DESCRIPTION

The Whanganui River winds its way from the mountains to the Tasman Sea through countless hills and valleys. Lowland forest surrounds the river in its middle and lower reaches, forming the heart of Whanganui National Park. Although a river journey, the Whanganui is part of New Zealand's "Great Walks" network.

River transport is the only option from Mangapurua Landing to Pipiriki. You must pre-book this so jet boats can collect you at Mangapurua Landing. Alternatively hire a canoe to travel from Whakahoro to Pipiriki

From Pipiriki to Whanganui city - 76km

- Walk the Whanganui River Road (62 kms of tarsealed country road to SH4 then a further 14km to Whanganui; 3-4 days walking)

Distances between huts/campsites/exit points are as follows (with indicative times, though will vary person-to-person):

- Mangapurua to Tteke Kāinga - 10.5km, 2hrs
- Tteke Kāinga to Ngāporo campsite - 12.5km, 2.5hrs
- Ngāporo to Pipiriki - 9km, 1.5hrs
- Pipiriki to Jerusalem - 10.5km, 2hrs
- Jerusalem to Matahiwi Landing - 11km, 2hrs
- Matahiwi Landing to Koriniti Pā - 7km, 1.5hrs
- Koriniti Pā to Pungarehu Marae - 26.5km, 5hrs
- Pungarehu Marae to Upokongaro - 24km, 5hrs
- Upokongaro to Wanganui Top 10 Holiday Park - 3.5km, 45min
- Whanganui Top 10 Holiday Park to City Bridge - 7km, 1.25 hours

CONDITIONS

- Vehicles on road, stick to the left and single file if biking on the road.
- Narrow winding road with poor visibility. Wear a bright or fluorescent top
- Use your pack cover if it's more visible than your pack
- Vehicles on road or track - stick to the left & single file if biking on roads.
- River crossings - Never cross flooded rivers.
- Tracks exposed to sun, wind or cold
- Fires only in designated fireplaces

ACCOMMODATION

Trail Pass

Downes Hut - km 1,348.6 on the river route Included in the Trail Pass (Bookings Required).

Camping next to hut included in The Trail Pass - camping bookings required from 18th November.

The hut is on the west (true right) bank of the river and is not accessible from Whanganui River Road

FOOD AND SUPPLY

- [Wilsons Hunting and Outdoors](#) - Outdoor shop with food, gear, and repair options. We also accept bounce boxes at no charge and will forward gear on if arranged. Send packages to: 222 Victoria Ave, Whanganui 4500. Please have your name, TA Walker, phone and email, and estimated collection date visible on the box. Contact us at 06 348 7679

EXTRA INFO

Before starting Te Araroa either as a through-walker of the whole country or a section walker, [please register on Te Araroa website](#). Please also [visit the website](#) or [download the app](#) for detailed maps, trail alerts and other relevant information.

Whanganui to Bulls

Last Edited: December 14, 2025 07:52:11 NZST

INTRO

Te Araroa trail section: This section includes a beach walk and a low-tide crossing of Turakina River.

DESCRIPTION

Whanganui City Bridge to Turakina River - 30km

As you come out of Whanganui, take No 2 Line Road which can be accessed by the following options:

1. Crossing the City Bridge from Taupo Quay at Victoria Avenue
2. Climbing the Durie Hill (355 steps) to the tower at the top, or
3. Taking the Durie Hill Elevator (closed Christmas Day). 8am-6pm Mon-Fri. 10am-5pm Sat and Sun. \$2.50 charge.

If you take the steps or elevator following Durie Street to Portal Street, this then carries on to No 2 Line. Walk to Fordell which is approx 14kms, turn right onto Warrengate Road for approximately 4km and walk to SH3. Turn left and walk for 3km and cross the Whangaehu River Bridge. Turn right across the bridge into Whangaehu Beach Road and walk to the end. Go through the gate and carry on following the track to the beach. From Whangaehu to the Beach is approximately 8km. Turn left and walk along the beach till you get to the Turakina River.

Turakina River - Koitiata - 3km

The Turakina River changes regularly, as does the best location for walkers to get across. Given these frequent changes, the crossing is not marked, as the markers can quickly become misleading and/or disappear into the sea. The instructions provided here are valid at the time of writing, but good judgement and careful analysis of the river will be of utmost importance. Take your time to identify a safe crossing. Check the [tide](#) and [only cross at low tide](#).

Updated October 2025 -

- An alert has been created to accurately show a good crossing point on the map. Photos are included in the description of the Alert.
- At low tide, this crossing was below knee height with slow water.
- Even in cloudy water, this area was visibly shallower than other parts of the river.
- Crossing at the mouth of the river (where it hits the sea) is also doable as an alternative, but was about a meter deep.

Santoft Route - 15.5km / 7-8 hours

Head south along the beach. Look for two orange markers by a stream bed after approximately 13.5km, at km 1,445.8. There are other tracks entering the forest that do not fit the current Te Araroa route. You will see a fire lookout on top of the dunes in the near distance. If you get to the fire lookout you have gone too far by about 1km, go back, do not enter the bomb range.

Then turn left and follow the blaze markings to the forest road. Follow the forest road which leads southeast for approximately 2.5kms until you come across Raumai Road

Raumai Road to Bulls - 15.5km

Walk for approximately 11km on Ruamai Road and 4km on Parewanui Road to Bulls Township.

Fire is serious threat to these forests. For safety reasons camping and fires are not permitted on the beach and through the exotic forest.

CONDITIONS

Potential hazards

- Vehicles on road or track. Take extreme care on SH3, and heading into Bulls
- Farming operations
- Forestry operations
- Track exposed to sun, wind or cold
- Few water sources
- Fire danger in forests

TE AO MĀORI

As you leave Whanganui you are entering the Iwi region of Ngāti Apa, the Kaitiaki of this region through to the Rangitikei River.

ACCESS

Northern Start: City Bridge, Whanganui

Southern End: Junction of High Street (SH1) and SH3, Bulls

TRANSPORT

Bulls

- [InterCity](#) - P: 09 583 5780 - E: info@intercity.co.nz
- [Fielding Taxis](#) - P: 06 323 7117

ACCOMMODATION

Fordell

- *Headlands*. 12 km from Whanganui just past Fordell. Approximately 18 kms from Whanganui Top 10 camping ground where the river journey ends. The track from Whanganui to the next camp is a long one, walking the road and with a river crossing to time with low tide. Headlands is a great place to catch your breath and break up the journey. We have tent sites and offer bed and breakfast with 3 rooms inside the house listed on booking.com or you can call direct. Annette and Steve Cox P: 027 251 9302 174 Kauangaroa Road, Fordell, Whanganui.
- *Cabin on the Lane*, 29a Harrison Road Fordell. We offer a quaint cabin which is 500m from Kauangaroa Road and approximately 1km from Fordell village. It offers a comfortable queen bed, bathroom (shower and toilet) and kitchenette with tea, coffee, milk supplied. \$100 a night if bookings are made through me. Air BnB link for photos is [here](#)
Camping for larger groups in our paddock can be arranged. Please text me to enquire. Carol 027 656 2290

Koitiata Village

- *Koitiata Camp Ground* — End of Te One St, Koitiata — M: 027 662 9040, P: 06 327 3733 — Campsites (powered and unpowered) and coin-operated hot showers — your hosts are Maree and Chaddy.

Bulls

- [Lancewood Lodge](#) — accommodation available on the trail at 170 High Street, Bulls
- 3br self-contained cottage accommodation, 63 Johnson St (just off High St on the way into Bulls) — Mary and Paul Sharland — P: 06 3221789 — E: paulsharland@xtra.co.nz
- [Bridge Motor Lodge and Caravan Park](#) — Also has cabins and self-contained motel units — 2 Bridge St, Bulls — P: 06 322 0894 — E: bullsmotel@infoegen.net.nz

Bulls Trail Hosts

- *Mayhem Roost* a safe and clean TA only campsite. Located 480m off trail at 48 Brandon Hall Road, Bulls.
2 small huts, plenty of room for tents, a camp kitchen equipped with the basics, warm shower, swimming pool and power for charging devices. If possible knowledge of arrival would be good, but appreciate the limited service along the coast.
 - \$20.00pp/night
 - Mike and Jo 027 322 1040
